

Tracoe Kids Silcosoft – REF 360

Tracheostomy tube for neonates and infants, made from silicone

Product Description

True greatness sometimes shows itself in small things. There are two tracheostomy tube product lines in our kids product group: the tried and trusted Tracoe Mini and the silicone tubes Tracoe Silcosoft. The tracheostomy tubes in both these lines have been developed especially for neonates, infants and children. We have focused particularly on the flange design and the use of comfortable materials.
